

## Module Specification

### Module Summary Information

<b>1</b>	<b>Module Title</b>	Employment Skills
<b>2</b>	<b>Module Credits</b>	60
<b>3</b>	<b>Module Level</b>	6
<b>4</b>	<b>Module Code</b>	HOR6008

<b>5</b>	<b>Module Overview</b>
<p>This module will enable you to further develop the practical &amp; professional skills required to become a professional horologist, by practicing and mastering complex skill based competencies required by the global industry, and so enhance your employability potential.</p> <p>You will complete a series of complex servicing, repair/restoration exercises to develop your skills of analysis and evaluation of the design, construction and function of the different elements of horological objects. Successfully returning the items to working order will further develop your practical skills and provide you with strong evidence of industry relevant knowledge and ability.</p> <p>Key transferrable skills will be developed through the production of a series of portfolios documenting the exercises, allowing you to evidence your evaluative, critical thinking and communication skills.</p> <p>The module will be taught through a series of lectures, demonstrations and tutorials reinforcing the practice led, knowledge based philosophy of the program. Staff will support you via formative feedback sessions in response to work undertaken, leading you to a final summative practical assessment exercise of a type common to the horological industry.</p> <p>Students encouraged to engage with BCU Graduate+ scheme throughout this module.</p>	

<b>6</b>	<b>Indicative Content</b>
<p>Introductory Briefing  Watch Servicing Option  Seminar : Chronograph Mechanisms 1  Seminar : Chronograph Mechanisms 2  Series of Practical Demonstration/Exercises  Clock Servicing Option  Seminar : Design and Function of Dead Beat Escapement  Seminar : Design and making of Dead Beat Escapement  Series of Practical Demonstration/Exercises  Lecture: Professional Presentation Skills  One to One Tutorial Supporting Self-Directed Study</p>	

<b>7</b>	<b>Module Learning Outcomes</b>	
	<b>On successful completion of the module, students will be able to:</b>
