Module Summary Information

1	Module Title	Business Law and Practice
2	Module Credits	8
3	Module Level	7
4	Module Code	LPC7302

5	Module Overview
<p>Relationship with Programme Philosophy and Aims</p> <p>The Core practice area contributes to the delivery of the LPC Outcomes and the programme's aims by requiring students to participate in realistic practice based exercises in order to prepare them for work-based learning and by equipping the student with foundation skills and knowledge for practice in Business</p> <p>It is intended that the student will begin to prepare for work based learning by focussing upon matters which he or she will be likely to encounter during the initial stages of training in company/commercial department within a generalist practice.</p> <p>The Core practice area is delivered by the analysis of a series of case studies focussing upon specific aspects of this area of legal practice. Students will be required to research and apply their knowledge of Business Law and Practice case studies in context. This will be done via a series of transactional exercises, utilising the Course skills and subject knowledge as appropriate to analyse, plan and progress these transactions in order to achieve the client's objectives whilst applying the rules of professional conduct in context.</p> <p>Within the module students will also be able to develop and practise writing skills so that this Course skill can be developed within a realistic, transactional, practice based context. In addition the module will be delivered in a manner which will enable students to demonstrate that they can transfer and apply, in this area of legal practice, skills learnt in the context of other Core practice areas.</p>
