<b>3</b>	<b>Module Level</b>	6
<b>4</b>	<b>Module Code</b>	ACC6019

<b>5</b>	<b>Module Overview</b>
<p>This module will explore a range of current and topical issues in company reporting, developing research skills and an ability to critically evaluate literature. Additionally the module will seek to compare and contrast a variety of different approaches to company reporting internationally.</p> <p>As well as providing an opportunity to engage with research and literature within the accounting sector, this module would support the development of careers in accounting for multinational organisations.</p> <p>An individual assignment with a 50% weighting is the first assessment on the module. This assignment will focus upon summarising and critiquing a range of current issues in company reporting and aims to develop research and analysis skills.</p> <p>The remaining 50% of the assessment will be the production of a poster and an individual reflective report exploring an international reporting topic area of choice.</p> <p>The overall assessment strategy fits with that of the programme in ensuring you are provided with opportunities to develop a wide range of transferable skills as part of the programme.</p>	

<b>6</b>	<b>Indicative Content</b>
<p>This module will cover a range of current and international company reporting issues together with the academic skills required to produce a critical review and the technical skills for the production of a poster.</p>
